

Table 2. Responses by instructors to an online survey.

Statement	Agree	Disagree	Don't Know
As an instructor, please indicate whether you agree or disagree with the following statements:			
I use computer simulations in my teaching.	83% (10)	0% (0)	17% (2)
Computer simulations make an important contribution to neuroscience education.	83% (10)	0% (0)	17% (2)
SNNAP is useful for simulating and demonstrating many basic principles of neuroscience.	85% (11)	0% (0)	15% (2)
I plan to increase the use of computer simulations in my teaching.	67% (8)	8% (1)	25% (3)
SNNAP is user friendly and easy to use.	69% (9)	8% (1)	23% (3)
SNNAP is amenable to undergraduate courses.	75% (9)	8% (1)	17% (2)
SNNAP is amenable to graduate courses.	75% (9)	8% (1)	17% (2)

These data relate only to those portions of the survey in which respondents identified themselves as instructors. The number of responses is indicated in the parenthesis next to each percentage score. Respondents were not required to address each statement.
